ASPHALT PAVING

HELPFUL HINTS FOR PROPERTY OWNERS

1. Please read attached notices carefully.
2. Make note of dates that work is to be done.
3. Do not excessively water lawns adjacent to roadway.
4. If you require the need to come and go during the duration of the project, please park on a side street.
5. Starting times of the project are printed on the notices. Please allow at least an extra 15 min. leeway for early removal of vehicles from drives and roadways.
6. If special needs are required for elderly or handicapped individuals, please call as soon as possible. **270-2440** or e-mail us at **pmarkham@murray.utah.gov**
7. The roadway will be re-opened to traffic as soon as the rolling procedure is completed and the surface has had time to cool.
8. After the roadway has been paved, the surface will be “tender” for several days. Please be aware that sharp turning of vehicle tires will mark the surface.
9. Please do not park heavy vehicles such as trailers and boats on the new surface.
10. If the paving dates coincide with normal garbage collection, please have cans curbside no later than 7:00 a.m.
11. Please keep in mind that paving depends greatly on weather conditions. If rain is in the forecast, delays or cancellations could occur. This could move paving operations until the following day.

Once again, thanks for your cooperation in these areas of concern. If you have any questions, feel free to call the above number.
